Atascocita Landfill Spring 2023

MANAGERS REPORT

Happy Spring! Our year has been off to a good start with no signs of slowing down.

So far this year, we've completed a large gas well and greenhouse emissions project. The site currently has 405 gas wells to capture methane, and they have drilled about 27 new wells for coverage.

In April we cut, disked, and seeded the landfill for beautification and erosion control. We are planning for new cell construction will kick off this summer.

Once again, we were proud to support the Humble Rodeo and BBQ Cookoff. In addition to being a Title Sponsor, several WM employees serve on committees and volunteer during the three-day event.

MAKE EARTH MONTH EVERY MONTH: FIVE SIMPLE WAYS YOU CAN LIVE MORE SUSTAINABLY

Earth Month takes place each year in April, and is a time to raise environmental awareness, invest in our planet, and commit to living more sustainably. Below are five simple ways you begin to live more sustainably:

1. Use reusable bags at the store
2. Change the lights in your home to LED bulbs
3. Eat lunch using reusable cutlery
4. Use a reusable water bottle or mug for drinks
5. Wash your laundry using cold water

STEVEN RAMIREZ
Sr. District Mgr.

KEEP CHILDREN SAFE AROUND COLLECTION TRUCKS

We love to see our young fans smile and wave when we drive through the neighborhood and service your community.

While our collection trucks may be fun to watch, they are not safe to play around. Please remind your children to watch our operations safely from your front yard or the sidewalk.

Safety Tips

Keep a Safe Distance: Collection trucks stop and back up frequently. Please teach kids not to follow trucks on their bikes, skateboards or skates.

Watch Safely: Let kids know it's okay to watch the truck from a safe distance and remind them not to play around or near carts.

Stay Clear: If you have a little helper at home, please don't let them try to help load trash or recycling into the truck. Please leave it to the collection team to keep your neighborhood clean.

Stay Visible: If you can't see the driver's eyes, they most likely can't see your children or pets.
